CONGRATULATIONS, Y. M. C. A,

The opening of the doors of the Pine Street Department, St. Louis Young Men's Christian Association, during the present week merks a new epoth in the history making of the Negro race in this country. Never before has auch a lerge sum of money (\$50,000.000 been pledged, raised and ectually turned over to the treasury of such an institution.

Nowithstanding the fact that other cities have similar build-ings, for the men and boys, St. Louis has outstripped them all in raising the real cash.

ings, for the men and boys, St. Louis hes outstripped-them, all in raising the real cash.

St. Louisans are to be congratulated upon their aplendid record: a record; to be proud of, It is the people's building and a monument to the race.

Some of the outstanding features of this movament were: first of all the 252,000 offered by Mr. Julius Rosenwald of Chicago contingent upon 375,000 being raised by local Associations of enytix, that their Negro men and hopsmight aive a building equipped fully for the development to the highest possibilities; then the large gift of \$5,000.00 from Mr. and Mrs. Malono, propriagors of Poro College, which was the most inspiring and really put the Pept's that the campaign: then the thrae \$1,000 gifts from Dr. Wm. THE BOARD OF ALDERMEN

The coming municipal election which will take place in his city April Ist, will be of more importance than a passing notice.

The Democrata are doing their "damnedent" to elect the President of the Board of Aldermen. The President of the Board of Addresses the next highest city official to the Meyor and is really at the head of the law making body of the city.

In the absence, hy sickness, or death of the Mayor, tha President of the Board of Aldermen becomes the head of the city government.

Should Mr. Garrison become President of the Board of Aldermen, while the Democrats are in their desperate condition, God alone knows what they will do, or undertake, to wrest the city government from the Republican Party.

The Negro is vitally interested in the defeat of Flint Garrison, the democratic candidate, for thay know what it will mean to have Democrate at the head of all the city departments. For that resons you should go, to the pollen next Toesday, early, and vote the straight Republican Ticket and don't acratch.

THERE SHALL BE NO PEACE

It seems that the representatives of the various nations who are now attending at the Peace Table are depending upon the strength of their respective armies and the sumber of men available to enforce their claims, as to what they will write in the League's

Constitution:

The spirit which should dominate the League has never been in the hearts of the most of envoya, because they are not willing to give avery man a square deal.

It has been claimed by menty that the hand of God was in this war, and that the triumph over the Prussian armies was a victory for right and justice. But who is wise snoops to forceast what the ultimate outcome is going to be. The light securing which cost civilization their heat in mere and treasure is but a warning. Who knows but that the signing of the Armistice was but to give men who are in power a chance to repent! Yat, bindight they are boasting that victory was the result of their strong armies.

They now talk hold, peace, seace, their shall be no peace.

They now talk about peace, peace, there shall be no peace re shall be no peace on this vast earth until the hearts of me

Yes, we believe thetit was in the provisence of God to trouble the minds of men and set bulligerente at war, and wa believe it was his hind providence to tamporarily adop the war to give men another chance to recognize the fatherhood of God and the brother-hood of man. For He has of one blood created all men to dwell man the earth.
